Birchman has been an SAP Partner in the UK since 1994 and a VAR since 1997. We focus on 5 areas of services associated with SAP: 1. Business and Digital Transformation services. Including Business Change and Programme Management. In some cases we sit on the customer side to help them deliver a successful transformation project. We align closely to business stakeholders to focus on the outcomes and delivering value. 2 SAP Implementation Partner (SI / Services Partner). 3. Digital Innovation. Primarily focused on the extensibility, development and integration of solutions through BTP and low-code platforms. 4. Continuous Business Improvement. 24x7 technical monitoring and proactive maintenance, technical and functional support. However, the main focus is driving continuous business improvement through functional and technical health-checks. 5. SAP VAR
