MORE: <https://www.united-vars.com/en/partners/ctac-netherlands>

As an innovative Total Solution Provider, CTAC helps customers realize their ambitions. The company does so by developing and implementing industry focused solutions that fully address customer's needs and business processes in various markets. With a passion for technology and a sharp eye for business processes, it works at the crossroads of business and ICT on a daily basis. CTAC's industry-focused solutions for among others manufacturing, wholesale distribution, retail, high tech and real estate are being developed in close cooperation with its customers. The company complements its industry-specific composed solutions with a comprehensive range of services, varying from business consultancy to cloud services and software development, mobility and in-memory computing. For this, the employees always take a professional approach, with an innovative angle and a focus on transparent personal contact.
