MORE: <https://www.united-vars.com/en/partners/dunn-solutions>

Dunn Solutions is a digital commerce and business transformation consultancy focused on delivering Velocity to its clients. Velocity is achieved by the combination of both speed and direction. Dunn Solutions helps the clients achieve speed by automating business processes and direction using advanced analytics. With over 30 years of experience in e-commerce, analytics and business/IT alignment, the company works with organizations to optimize their unique processes and help them discover the most profitable routes to business success. Dunn Solutions is a Gold Certified SAP Partner and Midmarket Solutions and Services Provider for SAP Commerce Cloud, SAP Marketing Cloud, SAP Analytics Cloud and EIM. It has been delivering Velocity to organizations since our inception in 1988. The company is headquartered in the Chicago area and has offices in Minneapolis and Bangalore, India.
