## IMPLEMA IS THE UNITED VARs MEMBER FOR SWEDEN WITH SAP EXPERTISE IN SAP S/4HANA, SAP CUSTOMER EXPERIENCE, SAP ANALYTICS CLOUD

**MORE:** <https://www.united-vars.com/en/partners/implema>

Implema was established in 1998 by four young business system consultants passionate about scaling down SAP's gigantic business systems to suit small and medium-sized companies. Today, Implema is Sweden's leading specialist in implementing business systems fast, working with standard solutions based on SAP and Dynamics 365. The company's generic working model, Implema Way, and the project methodology, Implema Instant, are important elements in its success, in line with more than 115 employees around Sweden. The head office is in Stockholm City and the branches are in Sweden's major cities with a dedicated operations center in Örebro. The annual turnover is around 200 million Swedish kronor, and Implema has its sights set on continued stable growth going Forward.
