MORE: <https://www.united-vars.com/en/myanmar-information-technology-pte-ltd>

Myanmar Information Technology (MIT) was founded in 1997 with the objective of promoting ICT industry in Myanmar. Since then, MIT has become a leading software house in Myanmar by providing reliable strategic ICT Solutions and Services through highly innovative technologies. MIT owns most of the software market share in Myanmar especially in banking, retail, enterprise systems as well as government sectors. Strategic ICT Solutions provide not only competitive necessities but also advantages to the organizations. MIT provides a comprehensive range of end-to-end and IT solutions by leveraging their domain and business expertise and strategic partnerships with leading technology providers in the world.
