SOA People is a leading European partner in Business Strategy Execution powered by SAP, with more than 10 years of expertise and 800 customers. The company has built its success on developing solid value propositions across 4 pillars: driving innovation to transform your business, improving business process performance, driving successful projects and assuring long term on-going support for our customers. Going forward these 4 pillars will be delivered in “On Demand”, “On Premise” and “Hybrid” models. SOA People continued success in Cloud and Innovation has been reflected with industry awards being achieved for SAP EMEA Partner Excellence Award 2017 for Innovation and SAP Cloud Partner of the Year for Belux in 2015.
