AVANTUM CONSULT IS THE UNITED VARs MEMBER FOR GERMANY WITH SAP EXPERTISE IN SAP ANALYTICS CLOUD

MORE: <https://www.united-vars.com/en/partners/avantum-consult>

Founded in 2003 and headquartered in Dusseldorf (Germany), we have a history of more than 1,500 successful projects implemented by our more than 100 experts. Since 2014, we are a strong member of the All for One Group and played a vital role as business analytics specialists for the region Germany, Austria, and Switzerland.

We accompany our customers along the entire data value chain. With concepts and technologies, we help them to achieve improved insights and results based on our technological and strategic partnerships, such as with SAP. Our consultants have a broad range of business and technical know-how as well as the necessary skills to develop solutions for all kinds of data challenges. The focus of our work is consulting in the five topic areas of Analytics Strategy, Reporting & Analytics, Planning & Forecasting, Artificial Intelligence, Data Management, and Big Data.
